

GRUPO ESPAÑOL MULTIDISCIPLINAR  
EN CÁNCER DIGESTIVO

## VIII GEMCAD SYMPOSIUM

Valencia, 25th -26th march, 2021

### Thursday 25th march

- 16 - 17h      **MASTER LECTURE**  
**From the beginning to the future: Rectal Cancer**  
*Dr. Bruce Minsky, MD Anderson Cancer Center. Houston, USA .*
- 17 - 18h      **Real-world evidence, external control arms and drug approvals in oncology. The end of Phase III trials?**  
*Dr. Xabier García de Albéniz.*
- 18 - 19h      GEMCAD General Assembly

### Friday 26th march

- 08:00 - 08:45h Reuniones Grupos de Trabajo
- 09:00 - 10:30h **TABLE I Esophagical and Gastric cancer**  
*Chairs:*
- 09:00 - 09:20h **Molecular subgroups in Esophageal Squamous Cell Carcinoma and treatment implications**  
*Dr. Maria Secrier. UCL. London*
- 09:20 - 09:40h **Treatment of oligometastatic disease in Gastro-esophageal Cancer**  
*Prof. Stephan Mönig. HU Genève.*
- 09:40 - 10:00h **Gastric adenocarcinoma HER2+: Moving forward beyond Trastuzumab treatment**  
*Dr. Tania Fleitas. INCLIVA. Valencia*
- 10:00 - 10:30h **Discussion**
- 10:30 - 12:00h **TABLE II Pancreatic and biliary ducts cancer**
- 10:30 - 10:50h **Molecular biology of pancreatic cancer**

GRUPO ESPAÑOL MULTIDISCIPLINAR  
EN CÁNCER DIGESTIVO

*Dr. Francisco Real, Centro Nacional de Investigaciones Oncológicas (CNIO).*

- 10:50 - 11:10h **Advances in the treatment of advanced hepatocarcinoma**  
*Dr. Richard S Finn, Jonsson Comprehensive Cancer Center, Geffen School of Medicine at UCLA)*
- 11:10 - 11:30h ***Moving Beyond the Standard Treatment for Biliary Tract and Pancreatic Cancer***  
Dra. Teresa Macarulla (H. Valle de Hebrón)
- 11:30 - 12:00h **Discussion**
- 12:00 - 13:00h **Lunch**
- 13:00 - 14:30h **TABLE III Advanced colon cancer**  
*Chairs:*
- 13:00 - 13:20h ***Neoadjuvant immunotherapy and organoids for personalized therapy in early colon cancer***  
Dr. Emile E Voest. Molecular Oncology and Immunology, Netherlands Cancer Institute, Netherlands.
- 13:20 - 13:40h ***Immune checkpoint inhibitors in first line metastatic MSI colorectal cancer.***  
Dr. Rocio Garcia-Carbonero. Medical Oncology Department. Hospital 12 Octubre. Madrid. Spain
- 13:40 - 14:00h ***Metabolic reprogramming in metastatic MSS colorectal cancer patients***  
Prof. Marta Cascante. Department of Biochemistry and Molecular Biomedicine, Faculty of Biology. Universitat Barcelona, Barcelona, Spain.
- 14:00 - 14:30h **Discussion**
- 14:30 - 16:00h **TABLE IV Rectal cancer**  
*Chairs:*
- 14:30 - 15:00h **Novel combinations in the perioperative treatment of locally advanced rectal cancer**  
*Dr. Thomas J George, University of Florida Health. Gainesville. Florida, USA*
- 15:00 - 15:30h **Strategies to treat locally advanced rectal cancer. Induction, consolidation or adjuvant. Is there a patient profile for each strategy?**  
*Prof. Emmanouil Fokas. Department of Radiotherapy and Oncology. University of Frankfurt, Germany*
- 15:30 - 16:00h **Discussion**
- 16:00 - 16:15h **Conclusions and closure**
